RQ MARKS

Following are your marks for the Research Question deliverable of the coursework.

Each component was assessed, then assigned a qualitative mark from the rubric on pp. 4-5 of the coursework specification.

The component's score was then computed by multiplying the component points by the percentage corresponding to the mark in the assessment criteria for each component; the result was rounded to the nearest whole number.

The total net score is the sum of the component scores.

	Section/+ Component	Mark	Score		Possible
	Marks				
+	partA: *File format* Good.	**Excellent**	17	of	20
+	partB: *Research question* *Are both the independent and dependent variables interval or ordinal?* Yes. The age first started to code is numerically filled, but the datatype is string. Might need conversion. Good.	**Excellent**	26	of	30
+	partC: *Hypotheses* Good.	**Excellent**	9	of	10
+	partD: *Dataset* Good.	**Excellent**	17	of	20
+	partE: *Writing* Good.	**Excellent**	17	of	20
+	partF: *General comments*	**Good**	0	of	0
	Marks net score:		86	of	100
	Total net score:		86	of	100 = 86%
